(54) Title: VEHICLE MOUNT ASSEMBLY FOR A UTILITARIAN ACCESSORY

(57) Abstract: Hitch mount assembly for snow blades or other accessories or implements for pick-up trucks or off-road vehicles such as utility task vehicles. The assembly includes a receiver for mounting to the vehicle chassis and an implement assembly readily removably coupled to the receiver. The configuration of the receiver and implement assembly allows for self-alignment during the mounting operation. One or more over center latches draw the receiver and mounting assembly together.
